

Course Details :  
**7<sup>th</sup> Arrhythmia & ECG Update: AF and VT symposium**

**DATE: 5<sup>th</sup> February 2017**

**VENUE:**  
**The Conference Hall, 4<sup>th</sup> Floor, P. D. Hinduja Hospital, Mumbai**

Time	Lecture	Speaker
9.20 – 9.30 am	Welcome address and Introduction	
<b>Session 1: AF symposium</b>		
9.30 – 9.50 am	Rate control for Whom & How to do it ? (medications v/s AV node ablation)	Dr. Rajesh Rajani
9.50 – 10.10 am	Rhythm control for Whom & How to do it ? (Medications v/s Cardioversion)	Dr. Asit Shah
10.10 – 10.30 am	Catheter ablation of Atrial flutter and AF: Whom to treat, Expectations, and post ablation management.	Dr. Ameya Udyavar
10 minutes	TEA BREAK	
<b>Session 2: VT symposium</b>		
10.40 -10.50 am	Defibrillation in post Mi & HF patient : When to consider	Dr. Ameya Udyavar
10.50 – 11.10 am	ECG Pearls: Wide QRS tachycardia	Dr. G. R. Kane
11.10 – 11.30 am	Identifying and treating Idiopathic VT in the normal heart	Dr. Navneet Kumar
11.30 – 12.30 pm	ECG quiz	Dr. Ameya Udyavar Dr. C. K. Ponde
12.30pm onwards	LUNCH	

This educational activity is supported by an unconditional educational grant from India Medtronic Pvt. Ltd. and Sun Pharma Lab. Ltd.

# 7<sup>th</sup> Arrhythmia & ECG Update 2017

**(AF and VT Symposium)**

## **7<sup>th</sup> Arrhythmia & ECG Update 2017 (AF and VT Symposium)**

### **Introduction**

After the overwhelming success of the last six Arrhythmia Updates, the Cardiology Department at P. D. Hinduja Hospital & Medical Research Centre is conducting the 7<sup>th</sup> Arrhythmia & ECG Update on **5<sup>th</sup> February 2017 from 9.20 a.m. to 12.00 pm at P. D. Hinduja Hospital, Mahim, Mumbai.**

The theme for the 7<sup>th</sup> Arrhythmia and ECG Update is Atrial Fibrillation (AF) and Ventricular Tachycardia (VT). The management of AF & VT is of immense importance to all Physicians as these arrhythmias are commonly seen in clinical practice.

The management of AF has undergone lots of changes due to availability of newer drugs and release of new guideline which will be covered in the AF session. Role of ablation for atrial flutter and AF will be discussed. The VT session will cover topics like idiopathic VT, Wide QRS tachycardia. Along with the routine management of these arrhythmias, the recent drugs, trials and guidelines will be discussed.

We have arranged excellent faculty including Senior Cardiologists and Electrophysiologists for this update. We invite you to this wonderful symposium and hope to have an interactive session.

### **Target Participants**

This update is targeted at Physicians who are involved in management of patients with Cardiac Arrhythmias.

**Accreditation by MMC for credit hours: has been applied for.**

### **Coordinator**

**Dr. Ameya Udyavar, Consultant Cardiac Electrophysiologist**

### **Visiting Faculty**

**Dr. Asit Shah, Consultant Cardiologist, Jaslok hospital, Mumbai.**

### **In-house Faculty**

**Dr. C.K. Ponde, Consultant Cardiologist**

**Dr. Navneet Kumar, Consultant Cardiologist**

**Dr. Rajesh Rajani, Consultant Cardiologist**

**Dr. G.R. Kane, Consultant Cardiologist.**
